

UNIVERSITÀ DEGLI STUDI DI ROMA "TOR VERGATA"
Facoltà di Ingegneria
Dipartimento di Informatica, Sistemi e Produzione sperimentale -
Corso di Informatica sperimentale

Roma 8 aprile, 2002

**CALENDARIO INCONTRI DI INFORMATICA SPERIMENTALE (IS)
SETTIMANA 8-13 APRILE, 2002**

Dr. Claes Wohlin, Professor
Dept. of Software Eng. & Computer Science,
Blekinge Institute of Technology, Sweden.

Martedì, 9 aprile, dalle 9:45 circa, aula Multimediale del DISP

Research in Experimental Informatics at DISP

This meeting aims to present to Dr. Wohlin some ongoing ESE research projects at URM2-DISP-ESEG.

Mercoledì, 10 aprile, dalle 9:00 alle 10:15 circa, aula Multimediale del DISP

Empirical Software Engineering (ESE) with Human Subjects

Mercoledì, 10 aprile, dalle 10:30 alle 12:00 circa, aula Multimediale del DISP

**Empirical Software Engineering (ESE) in Classroom with
Students as Subjects**

These lectures provide an overview over the process for empirical studies. In particular, the former connects empiricism to engineering, the latter specializes results to classroom experiments.

Giovedì, 11 aprile, dalle 9:30 alle 11:00 circa, aula Multimediale del DISP

Teaching ESE in Academia: Experience Report

Dr. Wohlin reports on his experiences as an ESE professor of Swedish Universities.

Giovedì, 11 aprile, dalle 11:30 alle 13:00 circa, aula Multimediale del DISP

Software Inspections: A Series of Reading Experiments

This lecture presents a series of reading experiments conducted to evaluate a new reading technique.

It provides information about considerations related to the design and analysis of the experiments.

Giovedì, 11 aprile, dalle 15:30, studio 3113 del DISP

Research in Experimental Informatics at DISP (2)

This meeting aims to deeply discuss with Dr. Wohlin on some ongoing ESE research projects of the
URM2-DISP-ESEG.

Cordiali saluti.

Giovanni Cantone
